BUGHOUSE BALLADS.

If Carrie Nation took to drink and threw away her hatchet,
The only way to cure the rash is never, never scratch it.

When sister paints her cheeks she always sits before an easel—
I never nursed a dear gazelle, but once I had a weasel.

If tomcats kissed when they made up, and buzzards carried sabres,
And cows gave ale instead of milk we'd always love our neighbors.

—C. H. Musgrove in Louisville Post.

It pays to advertise. Through an ad. in the Lost Column of THE LEDGER a daughter of Mr. P. J. Murphy had a handsome silver mesh bag returned to her recently. Mr. M. C. Florer of The Robertson Advance wrote THE LEDGER that a Mr. Olivet party had found the bag, and upon a proper description of the article it would be returned to the owner.

Although the interest has ceased on a number of interest-bearing warrants issued to the members of the Legislature for salary, and the warrants have been called in, the holders of some don't seem to be a bit anxious to get their coin. Among the large number still holding warrants is Senator B. C. Grigsby of Tollesboro.

Mrs. Vest Felt Like Crying

Wallace, Va.—Mrs. Mary Vest of this place says: "I hadn't been very well for three years and at last I was taken bad. I could not stand on my feet. I had such pains. I ached all over. I felt like crying all the time. Mother insisted on my trying Cardui. Now I feel well, and do nearly all my housework." No medicine for weak and ailing women has been so successful as Cardui. It goes to the spot, relieving pain and distress and building up womanly strength, in a way that will surely please you. Only try it once.

Maysville Elks never do anything half way.

This was again evidenced in the handsomely encased, elegant gold life membership card, bearing a fine likeness of the owner, which was presented last evening to Mr. Charles D. Pearce, P. E. MAYSVILLE LOOSE LEAF TOBACCO MARKET

Loose leaf tobacco sales at Maysville yesterday amounted to 282,080 pounds, bringing an average price of \$8.25.

The Farmers' house sold 147,455 pounds, with prices ranging from \$3 to \$18 a hundred.

The Tuck-lho house sold 134,625 pounds at prices ranging from \$5 to \$17 a hundred.

The sales were the largest of the season.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

"GENTLEMEN, you need not give yourselves any trouble about the revenue. The question of revenue must never stand in the way of needed reforms."—Gladstone.

If any gunner in the Navy to which Captain PRARY belongs missed his mark by 1.6 miles would Congress give him a medal for good marksmanship?—Denver Republican.

HERE is a sample of "the Missouri mule" etiquette that actuates one CHAMP CLARK, the new Democratic Speaker-to-be. During the recent debate in the House on the new Tariff Board Bill, Congressman SERENO PAYNE of New York said:

"I hope that the gentlemen on the other side, whoever they are, can get together on some gentleman in whom they have confidence."

CHAMP CLARK, who had already indicated that he favored the bill, was on his feet in a flash.

"A little more of that kind of 'gab' on your side," he retorted, hotly, "and your bill is dead."

Can such an upstart long rule Congress or the Democratic party?

Life Insurance or Death Insurance—Which?

People willingly pay large sums for life insurance, which is really death insurance; but real life insurance frequently consists in taking Eckman's Alternative.

Can any "lung sick" person afford not to take the Alternative? It sharpens the appetite, makes life look different, brings better health with greater earning power. Often persons are so much improved that they can work even before they are finally cured. Investigate it, if you are broad minded enough to believe that there can be a cure for Consumption which has not been sensationally exploited, or which is not based merely on climatic or diet restrictions. Mr. Webb's report follows:—

Weldon, Ill.
Gentlemen: "During 1905, my physician sent me to Texas, from there to Colorado. I became worse and was sent home to die. I heard of Eckman's Alternative, began treatment, and was cured. I earnestly recommend Eckman's wonderful cure for Consumption." (Signed) ARTHUR WEBB.
Eckman's Alternative cures Bronchitis, Asthma, Hay Fever, Tumor and Lung Affections. Ask for booklet of cured cases and write to the Eckman Laboratory Philadelphia, Pa. for additional evidence. For Sale by all leading druggists and J. James Wood & Son in Maysville.

A Healthful Old Age for Women

The turn of life is the most critical period in a woman's existence. Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very distressing symptoms.

Those dreadful hot flashes and the faint feeling that follows, sometimes with chills, extreme nervousness and despondency are symptoms of this condition.

Those hot flashes are just so many calls from nature for help. Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life.

If this period is safely passed through the prospect will be good for a long period of sound health and comparative immunity from disease.

Here is Proof that Lydia E. Pinkham's Vegetable Compound may be relied upon at this period:

Alton Station, Ky.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. For months I suffered from female troubles in consequence of my age, and thought I could not live. I wrote you and after taking Lydia E. Pinkham's Vegetable Compound I feel like a new woman. Use it every day for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

A lady from St. Paul writes in substance, as follows:
"When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."

Mr. McCarthy, acting for the By-laws Committee, handed in his report, which was read by the Secretary. The reading of the report resulted in a full discussion of the Club's status, and in a well-timed talk, Hon. J. N. Kehoe said that the Club should be incorporated as an organization and as a protection to the individual members. On motion the By-laws Committee was granted further time and also instructed to draw up articles of incorporation and report its action at the next meeting. Mr. Kehoe's remarks were full of interest as to what is expected of the organization. He urged unity of purpose and declared that what had been accomplished in other cities could be done by Maysville, as we have the capital, the location and the brains to bring the needed results, and that during the past two years at least \$300,000 local capital had been invested in enterprises away from Maysville and an effort should be made to get the business men of Maysville to establish factories and other corporations here, to build and bring out the latent capital in enterprises that would pay dividends, as dividends are what attract the monied interests.

Hon. A. D. Cole also made a telling and eloquent plea for unity of purpose and dwelt at length upon the wealth and resources of Maysville and her rich territory which should support more factories and paying enterprises to increase the growth of our city and yield profitable investment to the stockholders. Mr. Cole's remarks were strictly in touch with the spirit and aim of this organization and both he and Mr. Kehoe's talks made a deep impression upon those present and good is bound to result later on.

In Mr. Cole's remarks he paid a deserved tribute to the enterprise of the late John Duley.

Rev. J. H. Fielding also spoke and electrified the Club by proposing that an incline railway be built up one of the hills back of Maysville as a quick, safe and convenient means of elevating passengers, freight and teams from the city to the hilltops, thus obviating hauling of all kinds as now practiced. He said he had seen this tried in other places and it would prove both feasible and profitable here. His plan is quite novel and could be developed into proportions that would add a tremendous help as a medium of cheap transit between city and country.

Mayor Lee reported that the nothing doing

sign was still nailed up on the proposed Forest avenue viaduct and that the L. and N. Railway Company had written him declining to take any steps at this time in regard to widening its fill or aiding in building a roadway across the bottoms.

The membership of the Club has reached 170 and the 200 mark can soon be reached. The matter of pay for the Secretary was referred to the By-laws Committee with power to act in its next report.

Altogether it was a good meeting and plans are surely ripening for paying and lasting results for the upbuilding of Maysville.

Every member is requested to attend the next meeting to be held Tuesday night, February 7th.

Be there!

WHAT ARE YOU DOING**For the Old People?**

It may be your father, your mother, your grandfather or your grandmother who is very dear to you, but it is sad to see them lose their interest in life because their strength is fast ebbing away and they seem doomed to the weak, feeble and decrepit condition of the aged.

Now is the time for you to come to their assistance.

Call at our store and get a bottle of Vinol, our delicious cod liver and iron tonic, without oil, and see what a change it will make in your dear ones.

A case is recorded in Litchfield, Ill., of a man 72 years of age who seemed to be getting old and feeble, suffered from indigestion and a nervous trouble. His druggist asked him to try Vinol at his risk. He did and says he is better and feels younger than he has for fifteen years.

We wish every feeble, aged person would try a bottle of Vinol with the understanding that their money will be returned if it does not give perfect satisfaction. John C. Pecor, Druggist, Maysville, Ky.

Not a Day in Bed

Gramling, S. C.—In a letter from Gramling Mrs. Lula Walden says: "I was so weak before I began taking Cardui that it tired me to walk just a little. Since taking it I do all the housework for my family of nine, and have not been in bed a day. Cardui is the greatest remedy for women on earth." Weak women need Cardui. It is the ideal woman's tonic because it is especially adapted for women's needs. It relieves backache, headache, dragging feelings and other female misery. Try Cardui. A few doses will show you what it can do for you. It may be just what you want.

The HIGH COST of LIVING

Has been greatly reduced in thousands of homes intall parts of Uncle Sam's broad domain this winter through the use of

THE WILLIAMSON UNDERFEED FURNACES AND BOILERS

The reason is plain. Cheapest slack in the Underfeed gives as much clean, even heat as the most expensive grades which ordinary heating plants require. All the fire is on top and has to eat down into the fresh coal underneath against the draft. Combustion is slow and perfect, and smoke, soot and gases are entirely eliminated. This enables Underfeed Furnace and Boiler users to effect an every year saving of 50% to 66%. Why give this good coin to the coal man? Put it in the Underfeed and let
